

MEMORANDUM

To: Ute Water Construction Standards Users
From: David J Priske, P.E. – District Engineer
CC: Larry W Clever – General Manager
Date: November 18, 2020
RE: Standard Specifications for Waterline Construction

Revisions to the *Ute Water Conservancy District Standard Specifications for Waterline Construction* (Technical Specifications) are hereby published for immediate use. Please visit www.utewater.org/specifications for the latest revision.

The administration of these Standards, including interpretation, enforcement, revision, waiver, and variance thereof, is hereby delegated by the General Manager to the District Engineer. A variance request must be submitted to the District Engineer for review.

Please contact David Priske at 970-242-7491 or dpriske@utewater.org with any questions.
